

European Bone Marrow Working Group

**XIIIth EBMWG International Course and Workshop
on Bone Marrow Pathology**

May 27-30, 2017, Utrecht, The Netherlands

Final Scientific Program

(may be subject to change)

Sunday May 28th 2017

8.00-8.50 Registration (And Saturday afternoon and evening!!)

08.50-9.00 Introduction. *Falko Fend, Roos Leguit*

TOPIC I: WHO Classification 2016 - Revisions and additions

Chair: Hans Kreipe

- 09.00-09.30 Title: The evolution of the WHO classification. *Stefano Pileri*
- 09.30-10.10 Title: MDS updated. *Robert Hasserjian*

10.10 – 10.40: Coffee break

Chair: Jon van der Walt

- 10.40-11.20 Title: MDS/MPN updated. *Attilio Orazi*
- 11.20-12.00 Title: MPN – What's new in the morphological classification, grading of fibrosis and the impact of novel drugs. *Hans Michael Kvasnicka*
- 12.00-12.45 **Keynote lecture 1**; Title: Understanding the molecular pathogenesis of Myeloproliferative neoplasms in relation to diagnosis and progression. *Hans Kreipe*

12.45– 14.00: Lunch time

Chair: Bogna Wroblewska

- 14.00-14.40: Title: Myelodysplasia and Acute Myeloid Leukaemia. Overlap and differences. *Dan Arber*
- 14.40-15.15: Title: Eosinophilic disorders. Molecular differences distinguishing hyperplasia from neoplasia. *Sa Wang*

15.15-15.45 Coffee break

- 15.45-18.00: **Bone Marrow Workshop (I)**. Reactive cytopenia and dysplasia.
Chairs: Falko Fend & Alexander Tzankov

Monday May 29th 2017

Chair: Alexandar Tzankov

- 08.30-9.00: Title: B-Lymphoproliferative disorders involving the bone marrow. *Marcus Kremer*
- 09.00-09.30 Title: T-cell infiltrates in the bone marrow. *Falko Fend*
- 09.30-10.00 Title: Myeloid neoplasms with germline predisposition including MDS. *Julia Geyer*

10.00-10.30: Coffee break

TOPIC II: New techniques. Advances in diagnosis and therapeutic relevance, part 1.

Chair: Anna Porwit

- 10.30-11.00 Title: mutation analysis in difficult samples. *Manon Huibers*
- 11.00-11.30 Title: Flow cytometry in MDS. *Arjan van de Loosdrecht*
- 11.30-12.15: **Keynote lecture 2.** Molecular pathology of MDS. *Torsten Haferlach*

12.00-13.30: Lunch time

Chair: Leonie Saft

- 13.30 -14.15 **Keynote Lecture 3.** Title: CHIP, ICUS, IDUS – Pathobiology and diagnosis; *Peter Valent*
- 14.30-15.30 Round table discussion. Title: What is the role of the pathologist in bone marrow failure?
Names: Mariëlle Wondergem, VUMC, Peter Valent, Dan Arber, Attilio Orazi, Robert Hasserjian (Moderator), Torsten Haferlach

15.30 – 16.00 Coffee break

- 16.00-18.00 **Bone Marrow Workshop (II):** Title: CHIP, ICUS and IDUS
Chairs: Robert Hasserjian & Ludmila Boudová

CONGRESS DINNER

Tuesday May 30th

TOPIC II: New techniques. Advances in diagnosis and therapeutic relevance, part 2.

Chair: Konnie Hebeda

- 09.00-09.30 Title: Next generation and whole genome sequencing – technical aspects / newest developments. *Bastiaan Tops*
- 09.30-10.00 Title: Novel perspectives for an old-fashioned technique: applied diagnostic immunohistochemistry to bone marrow biopsies. *Alexandar Tzankov*

10.00-10.30 Coffee break

- 10.30-12.30 **Bone Marrow Workshop (III):** Title: Overt MDS.
Chairs: Attilio Orazi & Leonie Saft
- 12.30-12.40 Concluding remarks – Next EBMWG Course: Name: R. Leguit, K. Hebeda
